

Decal APPLICATION

INSTRUCTIONS & CARE GUIDE

1

CLEAN

Clean application surface and allow to fully dry -- rubbing alcohol advised

2

PEEL BACKING

Carefully peel away paper backing, ensuring vinyl sticks entirely to tape

3

ALIGN & PRESS

Align the decal and carefully place decal on surface

4

SMOOTH

Use a credit card to smooth design over surface, top to bottom

5

REMOVE TRANSFER TAPE

Carefully remove transfer tape by peeling back, beginning at the corner, and let cure for 24 hours before washing
